Established in 2003, Green Power Conferences was the first to offer professionally organised events focusing on the sustainability sector. Over the last seven years, we have welcomed over 15000 delegates from 138 countries and built a global database of 900,000+ contacts. Our expertise lies in producing high quality, interactive conferences that provide ample networking opportunities for delegates and partners alike.

Each event is developed by a team of market research professionals who ensure our events provide in-depth discussions and the latest industry updates in these fast-moving sectors. With a global portfolio of 40+ events, Green Power Conferences is helping to accelerate the uptake of sustainable business practices from Rio to Hong Kong. We also walk the talk, by offsetting all our commercial activities through renewable energy projects around the world.
